**LOST
STREAM
MAP**

The STREAM & LAKE MAP OF COLORADO resembles another map—known to Pennsylvania anglers as the “Lost Stream Map.”

The “Stream Map of Pennsylvania” was completed in 1965 after a 30 year effort by Howard Higbee, a former Penn State Professor.

Professor Higbee succeeded in creating a map of the highest detail possible...a map that shows every stream and lake. He painstakingly plotted by hand, the location of 45,000 miles of streams onto a 3 by 5 foot map.

The map sold extremely well - until it was lost several years later. Incredibly, the printer entrusted with the original drawing and printing plates declared bankruptcy, then carelessly hauled Higbee's 30 years of work to the landfill.

The few remaining dog-eared copies became a prized fisherman's possession. Professor Higbee was offered \$400 for one of his last maps. And state agencies were forced to keep their copies under lock and key.

The experts had always told Professor Higbee that reprints were impossible, because the maps were printed in non-photographic blue.

Then, in 1991, at the age of 91, Howard Higbee's dream came true. Computers made it possible to reprint the map. Holding an updated map, Howard said, “I never thought I'd live to see this day.”

Then, by combining Professor Higbee's knowledge with computer technology -- the STREAM & LAKE MAP OF COLORADO was created.

Stream & Lake Map of Colorado

Why every angler and boater needs this map

Professor Higbee's® Stream & Lake Map of Colorado is the first and only highly detailed map of its kind. The 3.5-foot-by-4.5-foot Colorado map shows 101,520 miles of streams plus lakes.

For a limited time -- get 3 bonuses with each map

BONUS #1

GUIDEBOOK: Pinpoint the best fishing in Colorado with this valuable guide. Easily locate over 3,696 streams and 554 lakes shown on the Stream & Lake Map, both alphabetically and geographically. Your map and guidebook will take you to 152 select fishing waters.

BONUS #2

REPORT: Finding Secret Fishing Spots
47 tips, tactics and tools you can use to find your own secret spot and catch more fish.

BONUS #3

REPORT: How Anglers Stalk and Catch Record Fish
The average big fish has evaded capture for over 10 years. Find out which instincts set them apart from smaller fish. Stalking and catching a trophy requires knowledge of their unique habits and those special times when their guard is down. Armed with the information in this new and exclusive 24-page report--you could be in for the fight of your life.
